

Resolution 2024-1

Title: Diocesan Conversations Regarding Provinces

Proposer: Province VI of The Episcopal Church

Submitter: Ellen Bruckner, Coordinator of Province VI

Resolved, That each diocese (bishops, clergy, and laity) discuss the ways it will be in relationship and support the identified ministries of the province of which they are a part. Dioceses will offer this support to the Province through the Provincial Council/Executive Committee meetings prior to the 2027 General Convention.

Explanation:

The intent of this resolution is to ask dioceses to talk about their relationship with their province. It is an opportunity to share the purpose and mission of the province with those in each diocese who have had little connection with the provincial structure. All too often a “blanket” statement is made about provinces; and this resolution offers an opportunity for each diocese to look more closely at its actions and beliefs about the provincial part of the overall structure of The Episcopal Church.

Resolution 2024-2

Title: The Episcopal Church Conversations Regarding Provinces

Proposer: Province VI of The Episcopal Church

Submitter: Ellen Bruckner, Coordinator of Province VI

Resolved, That The Episcopal Church, through the Executive Council, determine the ways it will support the identified ministries of each province.

Representatives from each province who serve on the Executive Council will be responsible for communicating this information to their respective province.

Explanation:

Provinces exist by Canon in The Episcopal Church. This resolution requests that The Episcopal Church look closely at how the church structure cares for and receives from the provinces and how the provinces help carry out the mission of the Church.

Resolution 2024-3

Title: Support for the Provinces as Part of TEC Structure

Proposer: Province VI of The Episcopal Church

Submitter: Ellen Bruckner, Coordinator of Province VI

Resolved, That The Episcopal Church (TEC) support the Provincial part of The Episcopal Church structure by:

- participating in the networking and when appropriate, the ministries of the provinces
- ensuring each province has the resources it needs to fulfill its commitment and responsibility to The Episcopal Church
- consulting with the provinces for their support and participation in identifying qualified persons to serve TEC on various Interim Bodies; and be it further

Resolved, That provincial ministry of The Episcopal Church be partially funded through the establishment of a budget line for Provinces I – VIII in The Episcopal Church budget; and be it further

Resolved, That the Provincial Representatives to Executive Council and the Provincial Leadership Conference together determine how this funding is to be distributed throughout Provinces I – VIII each year. Each province will include its accounting for any funding received in the annual provincial report to Executive Council; and be it further

Resolved, That The General Convention request a budget allocation of \$80,000 per budget year for the implementation of this resolution.

Explanation:

Province IX is currently receiving funding from TEC; therefore, Province IX is not included in this request.

Provinces are part of The Episcopal Church structure. The relationship has the potential to strengthen the relationship of The Episcopal Church (church wide programs and ministries) with the Dioceses. The Province is committed to strengthening the connections between the Dioceses within

the Province as well as with the wider Episcopal Church. The responsibility for the functioning of the Province is shared between the Dioceses in the Province and the wider Episcopal Church. Part of the responsibility involves the financial support that enables the ministry of the Province.

In order for the system to work the best it can, each part must be cared for. This resolution offers one concrete way of supporting the Provincial part of the system called The Episcopal Church.

Resolution 2024-4

Title: Migration with Dignity

Proposer & Submitter: Province V Migration Ministries Network

Resolved, That the XXth Synod of Province V of the Episcopal Church submit the following resolution to the 81st General Convention of The Episcopal Church:

Resolved, That the 81st General Convention, as people of faith who believe that all people are created in the image of God, advocate for Migration with Dignity, a statement of general principles about migration that champion equal and respectful treatment of all people, which follow directly from the teachings of Jesus and our baptismal promise to “respect the dignity of every human being,” while aligning with the world’s other great religions and principled humanism; and be it further

Resolved, that, acknowledging that grave and serious mistreatment of ethnic minorities, migrants and refugees is currently on the rise in the midst of record migration across international borders, the 81st General Convention, consistent with previous resolutions of the General Conventions of The Episcopal Church, declare itself to be in support of Migration with Dignity for all migrants, including refugees, asylum seekers, displaced persons, and those who cross borders in search of opportunity, including the following human rights within the Migration with Dignity framework:

A universal right of movement, including freedom to leave and return to one’s country of origin, freedom of movement within one’s country of origin or country of settlement

The right to be secure: from sexual violence including rape and sexual exploitation, human trafficking, slavery, forced labor and arbitrary and abusive detention.

The right of equality, to include: 1) equal treatment with no discrimination under the law based on color, gender, sexual orientation, gender identity and expression, marital or family status, disability, age, language, religion, political affiliation, or national origin; and 2) equal opportunity for upward mobility.

Rights to a basic quality of life, including employment rights, housing rights and food rights.

The right to access services such as health care, education and legal representation.

Civil and political rights guaranteeing the right to identity, to use of one’s language, and to freedom of speech and religion; and be it further

Resolved, that the 81st General Convention affirm Migration with Dignity as a framework to guide ministry with migrants, calling upon all Episcopalians, congregations, and dioceses to make urgent efforts through direct action to support arriving migrants' immediate needs for shelter, food, clothing, legal assistance, etc. and to advocate that local, state, national, and international governing bodies promote Migration with Dignity by enforcing existing laws and policies that uphold these principles on behalf of refugees, migrants, asylum seekers, and displaced persons, and by enacting new laws and policies guaranteeing their welcome, protection, and integration into our common human journey; and be it further

Resolved, that the 81st General Convention call upon the Office of Government Relations and the church's UN Mission to continue and reinforce their efforts to support the Global Compact for Migration and other international frameworks that are consistent with the general principles stated in Migration with Dignity; and be it further

Resolved, that the 81st General Convention direct the Presiding Bishop and President of the House of Deputies to establish a Task Force on Migration with Dignity (MWD) to build on and expand migration ministries in the Episcopal Church and to develop a strategic plan for coordinated, global Episcopal ministry consistent with MWD principles for all migrating persons at all stages of migration. The task force will be instructed to:

- Inventory current assets and resources for serving and supporting migrants, church-wide
- Conduct a gap analysis to identify missing elements that could strengthen the church's response
- Recommend a coordinated whole-of-church strategy to strengthen our support for migrants, consistent with this resolution;

and be it further

Resolved, that the Task Force on Migration with Dignity consist of no more than 14 members who have direct experience with migration and/or are actively involved in migration-related ministry in the Episcopal Church, and who represent all Provinces, especially those with dioceses outside of the U.S. A minimum of three Bishops shall serve on the Task Force, and be it further

Resolved, that the Task Force report to Executive Council annually during the Triennium and to the 82nd General Convention; and be it further

Resolved, that the General Convention request a budget allocation of \$54,000 for the implementation of this resolution.

Explanation:

This resolution is needed as a positive general statement, reaffirming and updating the Episcopal Church's overall, long-standing commitment to human rights as they pertain to just treatment of the world's refugees, asylum-seekers, and all migrants.

The resolution is deeply grounded in Scripture. No moral guidance is more clearly articulated in both Biblical testaments than the need to "welcome the stranger." A few examples:

Old Testament: "Don't mistreat any foreigners who live in your land. Instead, treat them as well as you treat citizens and love them as much as you love yourself. Remember, you were once foreigners in the land of Egypt. I am the Lord your God" (Leviticus 19:33-34).

New Testament: "Be sure to welcome strangers into your home. By doing this, some people have welcomed angels as guests, without even knowing it." (Hebrews 13:2)

Jesus's second great commandment: "Love your neighbor as yourself."

All six of the key elements of the resolution align with, and can be derived from, the United Nation's Universal Declaration of Human Rights (1948). They are also fully consistent with more recent international frameworks, such as the New York Declaration for Refugees and Migrants, the UN Global Compact for Migration, the Global Compact on Refugees and the Global Refugee Forum. These are attached as supporting documents. The Episcopal Church has consistently supported these landmark statements and agreements.

The resolution also accords with and supports key positions of the Anglican Communion. As set forth in the Lambeth Human Dignity call of 2022, actions against the human dignity of God's children, including those against migrants and refugees, are sin, and hospitality to all and faithfulness to each are key marks of a godly community (1 Pt. 4:8-10). This statement is attached as a supporting document,

As a single, clear and direct positive statement of principle, the resolution draws together positions that have been affirmed in more than 50 General Convention and Executive Council resolutions over the years. Its concision and clarity will help us communicate our church's stance more effectively, build support, and work alongside other pro-migrant organizations toward a world in which fundamental human rights extend to all people. A listing of the previous resolutions that support Migration With Dignity, with links to their full text, is attached as a supporting document. Many of these previous resolutions advocate government action; the Migration with Dignity principles establish rights of migrants that can serve as the basis of advocacy for just and compassionate government policies and practices and as a guiding foundation for action by dioceses, congregations, and individuals in The Episcopal Church.

The resolution, taken as a whole, defines a much-needed, innovative response to the increasing challenge of global migration. Current approaches have proven inadequate to this challenge. Grave and serious mistreatment of ethnic minorities, migrants and refugees is currently on the rise both in the United States and globally in the midst of record migration across international borders. The number of international migrants grew to 281 million in 2020, meaning that 3.6% of the world's people lived outside their country of birth that year, according to the United Nations' International Organization for Migration (IOM).

The Migration with Dignity framework is presented and discussed in greater detail in two articles published in 2022 in the Journal of Disaster Research, which are attached as supporting documents.

The budget for the proposed Task Force on Migration with Dignity breaks down as follows:

Two in-person meetings for 14 people:

Two, two-and-a-half day meetings @ \$1,700 per person = \$47,600.

Total: Round up to \$50,000 due to international travel costs.

Strategic planning consultant:

Two meeting days @ \$800 per day = \$1600

Travel costs for meeting = \$1700

Administrative work @\$700/day = \$700

Total: \$4,000

Task Force budget total: \$54,000

This document aligns all of the [immigration and refugee policies listed on OGR's website](#) with the six "pillars" of the Migration with Dignity framework. (To read the complete version of a policy resolution, press "control" and click on the link provided.)

In some cases, it isn't easy to decide under which pillar to place a given policy, but all of the pillars are supported by the range of existing Episcopal Church policies.

(RGM) means that OGR lists a policy under the heading Refugees and Global Migration; the other policies are listed under Immigration Policy.
